HETRONIC
A METHODE ELECTRONICS COMPANY

*WE'RE NOT JUST CREATING REMOTE CONTROLS,
WE'RE CREATING A SAFER WORKPLACE.*

H-TOUCH

Product Information

H-TOUCH

Standard Features:

- Fast responding 8" TFT touchscreen
- Optional video feedback capability
- Interfaces: CAN (multiple)
- Powerful PLC designed in
- Multiple Discrete I/O's (expandable)
- Custom GUI and Housing available

Typical Application:

- Work trucks
- Crane control cabs
- Virtually any control center where touch access would be of value to the operator

H-TOUCH Specifications:

Housing:	Impact resistant polymer composite or aluminum with powder coat Custom housing available upon request	**Typical Operating Range:**	Customizable
Touch Screen:	8" Touch screen behind 4mm thick glass (replaceable)	**Safety:**	Meets and exceeds European safety standards
Weight:	1800Gr (4lbs) Typical	**Humidity Range:**	0-97% maximum non-condensing
Resolution:	800 x480 (7")	**Operating and Storage Temperature Range:**	-20ºC to +70ºC (4ºF to +158ºF)
Antenna:	Internal (external antenna optional)	**Features and General Information:**	Powerful PLC Industrial Standard Serial Interfaces Multiple Discrete I/O's (expandable) Multiple CAN Interfaces Modular GUI OEM Accessible µ-Processor Hetronic RRC Plug + Play Wired or Wireless
Dimensions:	H: 190mm (7.5") W: 228mm (9.0") D: 64mm (2.5")		
IP Rating:	Min IP65		
Power Supply:	7200mAh Lithium-Ion Polymer Battery Up to 10 hours of operation depending on configuration		
Frequency Range:	2.4 GHz – WiFi – Standard (Other frequencies optional)		
Standard Connections:	USB HDMI Blue Tooth Ethernet HDMI Capable CAN WiFi SDIO Card and more!	**Additional Add-on Modules:**	Ambient Light Sensor Video Cellular Modem WLAN and Bluetooth RTC/Data-logger and even more extension modules!

ABOUT HETRONIC:

Since 1982 Hetronic Inc. has manufactured and delivered over 500,000 radio remote control systems to customers around the world. We are recognized leaders in providing the safest, most reliable industrial Safety Radio Remote Control (RRC) user interface solutions for process and equipment control applications. Every Hetronic system is designed and configured to customer specific application needs for safety, performance, reliability and productivity. With a global network of service locations in over 50 countries operators can count on Hetronic to be there when they need local and immediate service and support. Hetronic is committed to deliver turnkey radio remote control solutions that not only meet the highest standards for RF communication, but that also provide you with the newest technology and highest possible value to get the job done efficiently and safely in the harshest of environments.
